

## THANK YOU TO OUR PEER REVIEWERS 2022

---

A peer-reviewed journal would not survive without the generous time and insightful comments of the reviewers; whose efforts often go unrecognized. Although final decisions are always editorial, they are greatly facilitated by the deeper technical knowledge, scientific insights, understanding of social consequences, and passion that reviewers bring to our deliberations. For these reasons, the editors and staff of *European Journal of Family Business* would like to publicly acknowledge our peer reviewers for the year 2022.

Francisco José	Acedo González	University of Seville, Spain
